

The background of the poster is a painting in the style of J.M.W. Turner's 'Rain, Steam, and Great Bridges' over 'The Starry Night' by Vincent van Gogh. It depicts a city skyline at night with a turbulent, swirling blue sky filled with bright yellow stars and a large, glowing yellow moon. The city features various buildings, including a prominent domed structure on the left. In the foreground, a bridge with a tram and several boats on the water are visible. The overall color palette is dominated by deep blues, yellows, and whites, with a fine, white, rain-like texture overlaid across the entire image.

CLOSING REMARKS

The background of the page is a reproduction of J.M.W. Turner's painting "Rain, Steam, and Great Bridges" (1843), which depicts the London skyline across the River Thames. The scene is characterized by a hazy, atmospheric quality with soft, swirling clouds and a palette dominated by warm, muted tones of brown, grey, and blue. A large, semi-transparent rectangular text box is centered on the page, allowing the background painting to be visible through it. The text within the box is white and uses a clean, sans-serif font.

THE ELEVENTH ANNUAL CUSP OF CARABELLI BALL

THE VISION, BLUEPRINT, FINANCIAL PLANNING, AND PRECIOUS
ELEMENTS THAT PUT THE BALL TOGETHER.

The "Cusp of Carabelli" Ball is an annual ball for dental students at Meharry Medical College. The ball is sponsored each year by the Ewell Neil Dental Research Society & the Student National Dental Association Meharry Chapter. The inaugural ball was in the 2008-2009 school year. The purpose of the ball is to enhance the student social life of the Meharry dental student & honor students for various achievements. Additionally, the ball serves to welcome the first year dental class as well as send off the fourth year dental class.

Additionally, the Cusp of Carabelli Ball gives a platform to recognize students whom have excelled in dental research throughout the academic year. Lastly, students, faculty, and staff are recognized at the ball. This year, four scholarships will be given to students from each class. These scholarships were made possible from twenty-five percent donations from faculty and sponsor tickets. In addition, a faculty and staff person will be recognized for their service and dedication to the Meharry School of Dentistry student body.

THE STUDENT NATIONAL DENTAL ASSOCIATION

MEHARRY CHAPTER

The Student National Dental Association (SNDA) originated from concerned dental students at Meharry Medical College in 1970's. The inception and creation of the National Dental Association by Meharry students organized and put together the foundation of what has become the largest minority student dental organization in the United States. Meharry is currently the largest chapter. The primary objective is to become a supportive mechanism for minority dental students in hopes of establishing and providing a national network of communication among minority people as defined by the department of health and human services. All dental students enrolled in the School of Dentistry are members of SNDA.

THE EWELL NEIL DENTAL RESEARCH SOCIETY

Ewell Neil Research society was organized in 1918. It was named for Dr. Ewell P. Neil, who was a professor of prosthetic dentistry at its time of organization. The purpose of the organization is to: (1) cultivate & promote a bond of fellowship among students of SOD and foster a keen integration of the various departments (2) inculcate in its members the scientific and ethical principles of the profession (3) stimulate research among its members (4) influence the laity in improving and maintaining conditions which are conducive to better health within the sphere of dentistry.
